Attention: Mr. Richard Buchan, Chair

Re: Quarterly Adjustment to Secondary Sales Rates as of October 1, 2021

Pursuant to Rate Schedule 32 Secondary Energy (as approved in Board Order 2005-12), the following sets out the quarterly adjustment to the Secondary Energy rate effective for consumption on or after October 1, 2021.

October 1, 2021 Rate Determination

As outlined in Rate Schedule 32, the Secondary Energy rate for October 1, 2021 is based on the published Yukon Territorial Government – Bureau of Statistics biweekly price for Furnace Oil in Whitehorse for the three reporting periods prior to the 20th day of August 2021. The lowest value of the three (net of GST) is the "Oil Price Index". The three reported values (including GST) are as follows:

July 14, 2021 = \$ 1.295 /litre July 28, 2021 = \$ 1.281 /litre August 11, 2021 = \$ 1.281 /litre

Consequently, the Oil Price Index for the October 1, 2021 rate is 122.00 cents/litre (the August 11, 2021 value of 128.10 cents/litre less the GST included in that value). An Oil Price Index of 122.00 cents/litre equals a Secondary Energy price of 8.5 cents/kWh (compared to the July 1, 2021 revised price of 8.7 cents/kWh) and results in a Rate Schedule 43 Wholesale Secondary energy price of 7.4 cents/kWh (compared to the July 1, 2021 revised price of 7.6 cents/kWh).

	July 1 Rate	Decrease	October 1 Rate
Secondary Energy	8.7 cents/kWh	0.2 cents/kWh	8.5 cents/kWh
Wholesale Secondary Energy	7.6 cents/kWh	0.2 cents/kWh	7.4 cents/kWh

Notification of Interested Parties

Rate Schedule 32 provides that the Secondary Energy Charge is to be filed with the Board at least 30 days in advance of the Rate Period. As with past notifications regarding the rate change, Yukon Energy is providing notice to ATCO Electric Yukon (AEY) at the same time as this notice is sent to the Board. The updated Rate Schedule 32 rate sheet will also be posted on Yukon Energy's website. Secondary Retail customers will be notified by a billing advisory message on their monthly bill when their retail account is actively in service.

Current Status of Secondary Sales

Secondary sales were made available to non-SCADA connected customers in late May and are expected to remain available until early October.

Sincerely,

Ed Mollard
